Dear colleagues!

We are happy to inform you of the anniversary conference on plant protection and invite you to participate in its work.

10-th international Research-and-Production Conference
"CROP PROTECTION AGAINST HAZARDOUS ORGANISMS"

Conference will be held on June 21-25, 2021 at Kuban SAU in Krasnodar, Russia, Kalinin St., 13

The Conference is scheduled to work the following sections:

- Fundamentals of plant and agroecosystem protection from native and alien invasive pests.
- Methodological and methodical bases of development of the zonal-adapted systems of plant protection against hazardous organisms.
- Monitoring and prognosis of the phytosanitary situation in agroecosystems.
- Agrotechnical practices and crop protectors and technologies of their application.
- Plant protection chemicals and technologies of their application.
- Biological and biologically rational methods and means of protection of plants and technologies of their use.
- Resistant varieties of crops in modern agrotechnology.
- Agricultural biotechnology in crops protect against pests and diseases.
- Problems and prospects of education in the field of plant protection.

Within the Conference ranks **School of young scientists on plant protection** is also planned. The order of reports will be determined during registration. Official Conference languages – Russian and English. Absentee and remote participation is also welcomed.

Materials of the Conference will be published as abstracts of the reports, to be prepared by the beginning of the Conference and deposited in the scientometric base "Russian Science Citation Index". Upon the results of the Conference, the Organizing Committee will also decide to publish the most significant reports in the scientific journals "Proceedings of the Kuban State Agrarian University" and "Multisubject network electronic scientific journal of the Kuban State Agrarian University", both included in the official list of the Higher Attestation Commission of Russia according to the scientific specialities of the Conference¹.

Requirements to materials provided to the Conference and application form (questionnaire) of the participants in Russian are deposited at <https://kubsau.ru/events/announcements/10-ya-mezhdunarodnaya-nauchno-prakticheskaya-konferentsiya-zashchita-rasteniy-ot-vrednykh-organizmov/>. Authors should also provide official information on the originality of the text materials (antiplagiarism).

Address for correspondence: Kuban SAU, 350044, Krasnodar, Russia, Kalinin St. 13, Faculty of Agrochemistry and plant protection.
